

Intermediate 2D Computer Animation Workshop

Landslide Entertainment and MBC, the production companies behind APTN's animated TV series Louis Says, and Toon Boom Animation, one of the world's leading animation software companies are pleased to offer a two week workshop on 2D computer animation.

Participants will learn how to use Toon Boom Harmony, the industry standard 2D animation software. The workshop will cover creating and importing assets, all the way to compositing, rigging characters, character animation and multiplatform rendering.

Participants must be familiar with traditional animation principles and basic computer animation fundamentals such as producing movement using keyframe interpolation. Knowledge of Adobe Illustrator, Flash and After Effects is an asset.

Location: Creative City Centre – 2nd floor, 1 843 Hamilton Street, Regina.

Duration: Two weeks (Monday to Friday)

Dates: May 16 to 27

Hours: 9:00 am to 5:00 pm

Cost: \$200

Enrollment is limited and requires a portfolio review. The portfolio can consist on animated shorts, games or motion graphics.

To apply send your CV and a link to your portfolio to the attention of Mr. Lioz Bouganin, at bouganin@landslide-ent.com

The price of the workshop includes a provisional Toon Boom Harmony license and access to a Wacom Intuos Art Graphic Tablet. Participants must bring their own PC (64-bit Windows 7, 8 or 10) or Mac (Mac OS X 10.11 or later, or Mac OS X 10.10.5 or later). Processor must be Intel Core i7 3.4 GHz, Intel Core i5 3GHz or Intel Core 2 Duo. For more information about the system requirements visit: www.toonboom.com/products/harmony/system-requirements
