

Technical Writer

Yardi Canada Ltd. is currently looking for a Technical Writer to join their team in Saskatoon. If you are excited to work with a collaborative team building software that has a direct impact on global energy conservation, we invite you to come join us!

As a Technical Writer you will be responsible for the following duties:

- Researching, writing and revising technical documentation to meet deadlines
- Becoming a subject matter expert for specific product areas
- Creating simple graphics and requesting complex graphics as needed
- Obtaining source information from interviews with subject matter experts, including software developers, quality assurance technicians and support staff
- Following departmental style guidelines
- Obtaining technical reviews from appropriate subject matter experts
- Working with editorial and production staff to prepare documents for publication
- Assisting department management in preparing documentation plans, defining audiences, identifying subject-matter experts, and establishing project schedules

The ideal candidate will possess the following skills and background:

- Bachelor's Degree or equivalent work experience
- A minimum of 1 year of experience writing about software, networks, control systems, or related areas
- Familiarity with help-system authoring
- Proficiency in MS Office Suite and Outlook
- Experience with Adobe FrameMaker preferred
- Ability to explain technical concepts to audiences that have varying degrees of technical ability
- Ability to work collaboratively in a flexible work environment

Email your resume to Saskatoon.DevCareers@Yardi.com to introduce yourself to the team.
