PLATINUM | CANADA

Job Title: Designer/Developer, Interaction

Job number: 012-18/19
Location: Regina, Saskatchewan
Closing date: May 23, 2018
Division: Information Technology
Language required: English
Term: Permanent

Expertise with prototyping tools needed
Join our Innovation team and consult with colleagues as they go through user-centered design tools and methodologies to rapidly create prototypes.

What you'll do:
- Design, lay out and develop user interfaces or interactions
- Collaborate with end users to understand their objectives
- Participate in design sprints
- Recommend solutions and test your designs

What we're looking for:
- Open-minded collaborator who welcomes tester feedback
- Proven communicator and relationship-builder
- Problem-solver with strong analytical skills
- Organized multi-tasker who pays attention to detail

What you'll need:
- An undergraduate degree in computer science or graphic design and at least four years of related experience (or equivalent combination of education and experience); web design certification is an asset
- UX training and experience
- Familiarity with web design, sketch boards, wireframes and prototyping tools
- Experience delivering effective and innovative user interfaces

Build a career with one of Canada's top employers
Thrive in an inclusive culture of teamwork, strong leadership and respect. Here, diverse people pull together to achieve goals that are challenging and rewarding. You can learn and grow in an environment of acceptance and accountability. Come meet FCC.
